About

EMCON 2023

EMCON 2023 is the premier conference for emergency medicine professionals in India. It will be held from October 27-29, 2023, at the HICC Hyderabad. The conference will feature keynote speakers, workshops, panel discussions, poster presentations, and networking opportunities. The conference aims to provide a platform for sharing best practices, research findings, and innovations in the field of emergency medicine. EMCON 2023 is organized by the Society for Emergency Medicine India (SEMI). The conference is open to all emergency medicine practitioners, educators, researchers, students, and allied health professionals.
